THICKENER**

DEHUSKED TAMARIND SEED

DISPERSE DYES

About Us

Attracting customers from all over the world, we are Vimal Industries- a reliable manufacturer, exporter and importer of Carboxymethyl Tamarind Thickener, Guar Gum Derivatives, Tamarind Kernel Powder and Disperse Dyes. Apart from a range of quality assured food grade thickeners, textile auxiliaries and allied products, we are praised for quoting fair rates on the entire range. We are also not far behind market competitors in offering exemplary customer service.

We import Sodium Alginate and many other products in bulk from the market of China. Food grade versions of these products are extensively demanded in the food & beverage industry for use as thickening & gelling agents, emulsifiers and food stabilizers. We also offer the range for other non-food, industrial use. 40% of our range is exported to the market of Indonesia whereas the rest 60% is released for domestic consumption.

Mr. Mitesh Harshad Sheth is the man leading our company. He guides us on how to keep a tab on new purchase behavior of domestic and international clients, and modify our services to meet their needs. Over the years, we have always managed turning many one-time buyers into loyal patrons through our seamless customer experience.

Key Facts
